

## Pentecost Crown

### What you will need

Crown template

Flames template or make your own flames

Sticky tape or glue

1. Cut out the crown template
2. Cut out the flames template or make your own flames
3. Put the two strips from the crown template next to each other and stick together to make one long strip
4. Bend the two ends around to make a circle and stick together– this becomes the hoop of the crown
5. Stick the top of the crown onto the middle of the hoop
6. Decorate with as many flame as you wish.
